Hi Jiefei,

Thank you for letting us to visit the warehouse and to see the current processes. After discussion with the team members, we decided to go there on 2nd Sep (Monday next week) at 2 pm. Would you be happy with that time? If so, will you be willing to pick us up from the ANU campus?

One member will not be able to make it as he will not be in Canberra at that time.

Regards,  
Derek

Hi, team.

As we discussed during the meeting on last Thursday, you guys are welcome to come to the warehouse for a visit to see how we currently process the maggots and take some sample with you.

I work Monday to Friday, 9:00 to 5:00, so any time between that is good (I would suggest afternoon time, as morning is more busy for the production team), just let me know in advance, so I can organize with the production team.

Cheers.

Jiefei

Hi Jiefei and Martin,

Can we please arrange a regular weekly meeting? We are free every Wednesday 4 - 5 pm. It would be great can meet somewhere at ANU.

For this week, we need to finalise the main goal of the project and let you sign the Concept of Operations form.

Kind regards,  
Inset Farming Team
