Hi,

Yeah come past the workshop tomorrow and I'll have a look over it for you. Does 11am work?

Cheers,

Dave

Hello David

We represent a group completing the ENGN4221 Capstone project and are looking for industry experts to provide feedback on our final design. Ours is the Mobile Insect Rendering Plant Project, and I believe you have already spoken to Jessica and Lily (they are cc'd in this email). Can we send you our design and related technical specs, or would you prefer to organize a meeting sometime tomorrow or next week?

Best wishes
