Hi Derek,

Olympia emailed me this morning. She still has not heard back from Southern Meats in Goulburn, so we are also going to try MonBeef in Cooma. I think it is unlikely we will be able to get it organised by this week. If we are able to organise a site visit, I'm happy to take you out on a weekend if that is better for your coursework timetables.

Kind regards

Martin Amidy

Subject: Rendering Plant Visit

Hi Marty,

Is it still possible to visit a rendering plant during the teaching break? That would be really helpful for our project.

Regards,
Insect farming team
