Hi Penny,

It would be great if we can have a table and two chairs. We will print our poster by ourselves and we don't need power.

Regards,
Derek

Hi Derek,

Can you please confirm that the Insect Farming team will just bring a poster and won't require a table/power?

Cheers,
Penny.

Hi Penny,

Two wonderful teams from Capstone

1: Pixel Bot 4.0-Working with Questacon-Elizabeth Cowling (cc-ed)
2: Insect Farming -Working with CEAT-Derek Tan(cc-ed)

Have agreed to present at the Tech Launcher showcase. I will let you liaise with them to set up the presentation and its requirements.

Also, are you getting the posters printed for all teams, if not please let me know. I can arrange for an alternate arrangements for these guys.

Best,

HI Ankur,

I just wanted to check in and see if you have any updates. I'm looking to finalise the space requirements on Monday. Can you let me know how many posters you'd be looking to contribute and whether any of your teams would need any table/power?

Cheers,
Penny.

Hi Penny,

I will be able to confirm after Friday this week. Does that work for you?

Best,
Ankur

Hi Ankur,

I just wanted to touch base about the upcoming TL Showcase. Do you have an estimate of how many posters you would like to display and of any other display requirements? (We might be limited on table/power space).

Cheers,
Penny.
